 www.renovators-resource.com

This wall cabinet is one of our most popular items. Its versatility makes it useful and decorative for many areas of your home.

We begin with an antique multi-pane window, then build the cabinet around it, using antique moldings and rustic rough-sawn boards. The back of the cabinet is created from wainscoting. A brass pull is used for the door handle. The number of shelves coincides with the window partitions.

All ReFurnishings are sealed to keep old paints and finishes in place. This produces a smooth, durable surface ready for today's home.

Note: sizes and moldings may vary.
