This delightful cabinet features part of a century-old paneled door. The cabinet is constructed using salvaged plank flooring, wainscoting and trim. The authentic patina of the exposed wood produces a glowing finish. The interior has one fixed and one adjustable shelf. The door handle is antique brass.

All "ReFurnishings" are sealed to keep old paints and finishes in place. This produces a smooth, durable surface ready for today's home.

Note: size and molding may vary slightly.
