Salvaged planking is reworked as the side walls of these sturdy cabinets. A portion of a century-old door is used for the cabinet front. Authentic distressed moldings trim the cabinet bottom and top. The door opens to reveal a fixed shelf and large storage space. The recycled handle and hinges round out the rustic look. These cabinets are available in pairs, with doors hinged on opposite sides.

All ReFurnishings are sealed to keep old paints in their place. This produces a smooth, durable surface ready for today's home.

Note: size and molding may vary slightly.

Available
in pairs
