Unusually tall, this cabinet features spectacular glass doors that originated as sidelights in an historic entry system. The sides and shelves of the cabinet are constructed from salvaged plank flooring. The back uses wainscoting. The antique crown molding and brass window lift door pulls provide the finishing details. Shelves are fixed. This is a perfect display cabinet for books, liqueurs, glasses and wine!

All ReFurnishings are sealed to keep old paints and finishes in place. This produces a smooth, durable surface ready for today's home.

Note: sizes, color and finish may vary slightly depending on sidelights available.
