Our Stepback Cupboard cleverly uses two four-paneled doors for the side walls of the cabinet. The door panels and cove molding give this eye-catching piece character and a well-detailed appearance. The upper unit has two shelves. It rests on the counter of the base. The lower unit also uses door panels to enclose a cupboard. The back of both pieces is fashioned from tongue and groove wainscotting.

All ReFurnishings pieces are sealed to keep any old paints and finishes in place. This produces a smooth, durable surface ready for today's home.

Note: sizes, color and finish may vary slightly depending on doors available.
