Our Entertainment Unit is carefully designed and handcrafted using beautiful antique paneled doors. The sides and shelves of the cabinet are made from antique softwood planking. The back is constructed from salvaged wainscotting. The interior shelves are adjustable. This is the perfect cabinet to accommodate modern electronic equipment, while maintaining rustic charm.

All ReFurnishings are sealed to keep old paints and finishes in place. This produces a smooth, durable surface ready for today's home.

Note: sizes, color and finish may vary slightly depending on doors available.
