This Bracket Mantel Shelf shows off unique, salvaged cornice brackets from century-old homes. Along with the brackets, the shelf is constructed using weathered barnwood, antique planking and molding. The shape, coloring and style of the two brackets is always a pleasant surprise.

These items are created from rare, limited quantity objects. They are truly “one of a kind”.

All ReFurnishings pieces are sealed to keep any old paints in their place. This produces a smooth, durable surface ready for today’s home.

Note: bracket design and color may vary.
