Simple designs
Great ideas

The Shutter Shelf is a great addition to our line. It is a fun corner storage shelf, great for showing off your glassware, cd's or favourite pieces of pottery. Built using two wood shutters and salvaged planking, our shutter shelf would look great in any room in your home.

The Resourceful Renovator book features the Shutter Shelf design and many others which focus on salvaged building materials.

All ReFurnishings pieces are sealed to keep any old paints in their place. This produces a smooth, durable surface ready for today's home.

Note: size and color may vary slightly depending on shutters available.
