Our reproduction Harvest Table is in high demand. The top, skirt and trim are built using century-old salvaged pine, spruce or hemlock boards. The tabletop measures over one inch thick, ensuring a solid feel, and features traditional breadboard construction.

The legs are tapered to finish the elegant harvest-style and are detachable for easy shipping and storage.

All ReFurnishing tables are sealed with a clear water-based laquer finish. This produces a smooth, durable surface ready for today's home.
